

EARLY CAREER TEACHER (ECT) INDUCTION POLICY

FOR ECTs STARTING THEIR INDUCTION ON OR AFTER 1 SEPTEMBER 2023.

Date of issue: 06/11/2023

1. Introduction

1.1 The Two Counties Trust (TTCT) aims to:

- Run an ECT induction programme that meets all the statutory requirements underpinned by the Early Career Framework (ECF) from 1 September 2022.
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers.
- Ensure all staff understand their role in the ECT induction programme.

2. Inductions that started before 1 September 2021

- 2.1 Before the changes, the induction period was one year. Teachers serving this shorter induction used to be called NQTs.
- 2.2 NQTs who started but did not complete their induction by 31 August 2021 are now referred to as 'transitional ECTs'.
- 2.3 To complete a one-year induction, transitional ECTs must finish by 1 September 2023. Schools should refer to the [statutory guidance on NQT inductions starting before 1 September 2021](#).
- 2.4 From 1 September 2021, all ECTs need to complete a 2-year induction period.
- 2.5 If a transitional ECT has not completed their induction by 1 September 2023, they do not need to start induction again. Instead, they must complete what remains of a 2-year induction. The ECT should be given access to ECF-based training, mentor support and other statutory entitlements in this case.

3. Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance [Induction for early career teachers \(England\)](#) from 1 September 2021 (revised April 2023).
- The Early Career Framework reforms [Changes to statutory induction for early career teachers \(ECTs\) - GOV.UK \(www.gov.uk\)](#)
- [The Education \(Induction Arrangements for School Teachers\) \(England\) Regulations 2012](#)
- The 'relevant standards' referred to below are the [Teachers' Standards](#).

This policy complies with our funding agreement and articles of association.

4. The ECT induction programme

- 4.1 Teachers who started their induction on or after 1 September 2021 are now known as 'early career teachers' (ECT's).
- 4.2 The Trust's induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF.
- 4.3 Prior to the ECT serving their induction, the headteacher and appropriate body must agree that the post is suitable.
- 4.4 For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. Up to one term of continuous employment may count towards completion of the induction period.
- 4.5 The Trust's induction programme is quality assured by an 'appropriate body' for each school.

5. Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period.
- Have an appointed induction tutor, who will have qualified teacher status (QTS).

- Have an appointed induction mentor, who will have QTS.
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, 38 lesson per fortnight, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range, 40 lessons per fortnight.
- Regularly teach the same class or classes.
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts.
- Not be given additional non-teaching responsibilities without appropriate preparation and support.
- Not have unreasonable demands made upon them, including cover.
- Not normally teach outside the age range and/or subjects they have been employed to teach.
- Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis.

6. Support for ECTs

We will support ECTs with:

- A designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments.
- A designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback.
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback.
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths.
- Opportunities to observe other teachers, either within the school or at another school with effective practice.

7. Assessments of ECT performance

- 7.1 Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6) and will be carried out by the induction mentor.
- 7.2 These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence will be provided to the ECT and the appropriate body.
- 7.3 After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The Headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.
- 7.4 The ECT will add their own comments, and the formal assessment report will be signed by the headteacher, induction tutor and the ECT.
- 7.5 A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.
- 7.6 In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

8. At-risk procedures

- 8.1 If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place as soon as possible, meaning:
 - Areas in which improvement is needed are identified.
 - Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards.

- An effective support programme is put in place to help the ECT improve their performance.
- 8.2 The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.
- 8.3 If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or headteacher will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.

9. ECT pay progression

- 9.1 The 2-year induction has no adverse impact on ECTs' pay or career progression opportunities. ECTs are still able to progress on the pay scale both during and after induction.

10. Roles and responsibilities

10.1 Role of the ECT

The ECT will:

- Provide evidence that they have QTS and are eligible to start induction.

10.4 Role of the induction mentor

The induction mentor will:

- Regularly meet with the ECT for structured mentor sessions to provide targeted feedback.
- Work with the ECT, and colleagues within the school/college who are involved in the ECT's induction, to help make sure the ECT receives a high-quality ECF-based programme.
